

155 Garfield Ave.
Battle Creek, MI 49037

She's motivated.
She's focused.

She's anxious to **get ahead.**

She deserves **extra credit.**

Starr's Credit Enhancement Program: Helping kids earn extra credit outside of school.

When a child is motivated to succeed academically, he or she needs as much support as possible. At Starr Battle Creek, we **now offer** the Credit Enhancement Program, which allows students to take extra credits and courses that may not be offered at their school. The Credit Enhancement Program uses NovaNet programming, a comprehensive online courseware system. While in our supportive learning environment & guided by a certified teacher, students complete their coursework online. It's convenient, self-guided, and provides students with greatly expanded learning opportunities.

The cost is \$89 per half credit hour, and the program operates from the St. Philip Tiger Room at 30 W. Van Buren Ave. To learn more visit starrbattlecreek.org or call 269.968.0624
