

# Eagle Tugs Service Bulletin

## ESB-03-08

---

**Date:** October 20, 2008

**Affected Models:** Serial numbers 12213, and USA5001 thru USA5010

**Subject:** E-Stop Replacement Part

**Background:**

The E-Stop on the affected serial number units has been superseded. The new parts will perform with the same fit, form and function as the previous parts. If replacing either the dash mount switch or the E-stop contact, you need to order a complete set AE-OPT-0066 from Eagle parts.

If you have any questions, please contact Eagle technical support at 734-442-1000.
